

diversity. not hegemony, not singleness of vision for thats when the precision of the needle circumsision bleeding down in royal crowns did strive to found new settlements, new aristocrats, new craft of wack corporation obligating in dollarized fixation upon the sensation of conglomerate, of rather rank discombobulate but not for they are conjoined in a secret sleeping needle inject in a fright night to their own thigh, not diabetes but plushing down flowing as euphrates to create a grand brand new agrandizement - perhaps by now you have questioned my vocabulary, why? - in the end result,conglomeration will lead to revolt for I revolt against the shoulder check to liberties, civil is not the way the media congelllements conduct theyselves, placing these self same on the back of rotten shelves this magic seems like it came from serrated elvels for i read the writing upon the eaves and see aces dropped from hidden sleeves, each one trying to climb upon the back ladder and use!

distraction fractal refraction to better themselves.

moral: be careful

limit media outlets ability to propogate themselves at the expense of the public for, otherwise, you will be shirking your American duty to refute the powers that strive to limit our Americaness. How are your actions protecting your position in a manner that undermines the prescribed obligations thereof?
